Common Complaints

No major negative themes detected yet.

Action Hints (MVP, Rule-based)

These are generic suggestions based on sentiment balance. AI-enhanced, competitor-specific recommendations will be added later.

- Leverage your strengths: highlight in your own marketing what customers praise most about this competitor (and outperform them there).
- Monitor changes in sentiment over time to see if competitor campaigns are working.
- Use top keywords to inspire your own promo copy and menu/service descriptions.
